WORK ORDER #2

TO

PROFESSIONAL SERVICES CONTRACT BIDDING, CONSTRUCTION AND GRANT ADMINISTRATION SERVICES

RELOCATE COUNTY ROAD, 243rd STREET (PHASE 2: CONSTRUCTION)

JEFFERSON MUNICIPAL AIRPORT JEFFERSON, IOWA

BETWEEN: The City of Jefferson,
An Iowa Municipal Corporation

AND: Bolton & Menk, Inc. (CONSULTANT)

EFFECTIVE DATE: March ______, 2019

RECITALS

- 1. The City of Jefferson, Iowa, owns and operates the Jefferson Municipal Airport located near Jefferson, Iowa.
- 2. This is <u>Work Order # 2</u> to the Professional Services Contract, between the City and Bolton & Menk, Inc. The Professional Services Contract effective March 18, 2015, is referred to herein as the "Master Agreement".

AGREEMENT

DESCRIPTION

The CONSULTANT agrees to provide Bidding, Construction and Grant Administration Services for the "Relocate County Road, 243rd Street" project at the Jefferson Municipal Airport (herein referred to as the Project).

I.A. BASIC SERVICES

PROJECT UNDERSTANDING

The project involves bidding and construction phase services associated with the relocation of 243rd Street just south of the Jefferson Municipal Airport. This road relocation is necessary to move the road out of the protected areas at the south end of the primary runway at the airport, and allow for a planned runway extension. This is a multi-phase project, with planning, land acquisition, and design of the road relocation

already completed. When this phase is complete, the area will be clear for the ultimate planned runway extension on the south end of Runway 14/32 at the Jefferson Municipal Airport.

The CONSULTANT's responsibility to provide Construction Phase services commences with the award of the construction contract. The construction services portion of the contract is based on a maximum number of Working Days for the construction contract. The Contract Time for the project is established as follows:

Project Duration: Construction Project shall be substantially complete within Fifty (50) Working Days.

BASIC SERVICES

For purposes of this Work Order, the Basic Services to be provided by the CONSULTANT are as follows:

1. BID & GRANT ADMINISTRATION

1.1. Prepare Disadvantaged Business Plan (DBE)

DBE Plan Update: This is applicable for project(s) that fall within a grant year which in Airport uses at least \$250,000 in Federal funds for services that can be completed by Disadvantaged Business Enterprise (DBE) firms. Total DBE eligible costs (prime contracts) estimated to be completed is expected to exceed \$250,000 with this project, thus an updated DBE program is required.

The CONSULTANT will update the Disadvantaged Business Enterprise (DBE) program in accordance with 49 CFR Part 26 Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. Specific tasks will include:

The CONSULTANT will review the methodology for evaluating the availability of DBE businesses to provide services and products for airport projects for the next three (3) Federal fiscal years.

The CONSULTANT will review the airport's service area by analyzing the utilization of DBE businesses on previous airport projects.

The CONSULTANT will prepare a legal advertisement describing the revised DBE utilization goal and methodology.

The CONSULTANT will deliver the advertisement to the CLIENT to publish in one (1) newspaper as a public notice to provide a public comment period.

The CONSULTANT will submit the DBE program to the FAA Office of Civil Rights for review and comments.

The CONSULTANT will complete one (1) annual report to FAA Office of Civil Rights as required to report actual DBE accomplishments on the project.

1.2. Prepare Advertisement for Bids and Bid Documents

Consultant shall prepare, reproduce and distribute a total of 10 sets of bidding documents for the project. Consultant will submit a copy to the Sponsor for distribution to the local and selected publications of the pending project. The Sponsor shall pay for the associated cost of advertising. In addition, electronic copies of the bid documents will be made available for download through the Quest Construction Document Network website (QuestCDN). The

consultant will also keep a current list of plan holders and distribute this to interested parties upon request. This task includes coordination required to facilitate these requests.

1.3. Respond to Bidders Questions

During the bidding process, the Consultant will be available to clarify bidding issues with contractors and suppliers, and for consultation with the various entities associated with the project. This item also includes contacting bidders to generate interest in the project.

1.4. Prepare and Distribute Addendums

Consultant shall issue addenda as appropriate to interpret, clarify, or change the bidding documents as required by the Sponsor or the FAA. Addenda will be made available to the plan holders either through mail, electronic mail, hand delivering or via facsimile transmission. Any addenda that are generated as a sole result of the Sponsors error or omission will be considered as extra services and the Consultant shall be reimbursed for this effort as an amendment to this contract.

1.5. Pre-Bid Meeting (not included) and Bid Opening

The Consultant will attend the bid opening.

1.6. Bid Review and Bid Tabulation

Consultant shall advise Board as to the acceptability of any subcontractors, suppliers, and other persons and organizations proposed by the bidders and as to the acceptability of substitute materials and equipment proposed by bidders. The Consultant shall prepare a spreadsheet that includes all bid items for the purpose evaluating the lowest bidder. The Consultant shall input the as-bid unit prices into the spreadsheet and to verify mathematical computations of the bids. The Consultant will then provide recommendations to the Sponsor as to the name of the Apparent Low Bidder.

1.7. Prepare Recommendation for Award

The Consultant will prepare a recommendation of award for the Sponsor to accept or reject the bids as submitted. If rejection is recommended, the Consultant will supply an explanation for their recommendation and possible alternative actions the Sponsor can pursue to complete the project. Once the Contract Award is made the Consultant will distribute the bid tabulations on request of the Sponsor.

1.8. Prepare Grant Application

The Application may be prepared after the project design has been completed and the bids accepted or the FAA may require the Application to be completed early during the design phase. Preparation of the Application will include the following:

- o Prepare Federal Grant Preapplication Checklist
- o SF-424
- Prepare FAA Form 5100-100 including Program Narrative, discussing the Purpose and Need of the Work and the Method of Accomplishment
- Sponsor Certification (total of six)

The Consultant will submit the Application to the Sponsor for approval and signatures.
 After obtaining the necessary signatures, the Sponsor will forward the signed
 Application to the FAA for further processing.

1.9. Project Closeout

Prepare the closeout documentation in accordance with the AIP Sponsor Guide Section 1600. The CONSULTANT will prepare the closeout document within 90 days of final payment to the contractor. Closeout documentation shall include, but may not be limited to, the following:

- a. Sponsor Cover Letter
- b. Final Project Cost Summary
- c. Final SF-271 Form, Outlay Report and Request for Reimbursement for Construction Projects
- d. Final SF-425 Form, Federal Financial Report
- e. Final Construction Report
- f. Record Drawings

Assemble documentation for the project closeout report once the project is complete. This will include gathering all construction documentation, supplemental agreements (if applicable), weekly reports, pay requests, testing result summaries, final certification documentation, and change orders in preparation for grant closeout. The closeout report elements include a project summary, final certifications, summary of grant payments, and outlay report. This work includes preparation of the report, coordination with the Airport, State, and FAA for review, and preparation of final documents for Airport approval. The CLIENT will furnish copies of all administrative costs, as well as paperwork related to previous grant reimbursement (drawdown) requests.

2. <u>CONSTRUCTION ADMINISTRATION</u>

2.1. Pre-Construction Meeting

Consultant will arrange for and conduct the pre-construction meeting. The Project Manager and the Resident Engineer will establish this meeting to review Local, State, Federal Aviation Administration (FAA) and project specific requirements prior to commencing construction. The meeting will be conducted at the Airport and will include the Sponsor/Owner, IDOT (if available), Subconsultants, FAA (if available), Contractor, Subcontractors and utility companies. This task will include:

- Scheduling the meeting, sending invitations, providing meeting materials and premeeting exhibit and material preparation.
- Obtain and review the project construction schedules from the contractor or contractors prior to presentation at the preconstruction meeting. The Owner should be provided copies of all construction schedules.
- O Prior to preconstruction meeting, furnish the name of the Project Engineer with qualifications for approval by the Owner. Project Engineer means Engineer as defined in Section 10 (Section 10-18) of the General Provisions of the construction documents.

- o Preside at the preconstruction meeting, prepare a detailed record of the meeting and submit to the Owner and all participants.
- Provide Contractor with a list of required submittals to be provided by Contractor and discussed at the meeting.
- Provide Contractor with additional copies of Construction Documents and digital data (Project Drawings) as requested.

2.2. Initial Construction Layout

The Consultant will perform initial survey work to establish construction limits, survey control, locations of barricades or construction signs. The construction control/verification survey subtask will include a survey crew to establish construction field control for the project. This will include establishment of horizontal and vertical control and construction staking as per the Project Manual.

2.3. Prepare Construction Management Program (CMP) (not included)

2.4. Prepare Contract Manuals

The Consultant is required to check that the construction contracts are in order, verify Contractor has met DBE goals (or made valid good faith effort), Contractor has provided proof of insurance, the bonds have been completed, and the Owner, Contractor and applicable Agencies has been provided with adequate copies of the executed Contract Manual to include the Agreement and all addenda.

The Contract Documents will be updated to include all addenda items issued during bidding as necessary and adequate copies provided to the Contractor. Clerical will prepare the quantity sheets, field book, testing sheets, construction report format, etc. for use by the RPR.

2.5. Construction Management Services

The Consultant will provide Construction Administration Services the scope of which is based on the following:

- The Consultant and Client agree that construction engineering services furnished shall be to the extent necessary to determine compliance with plans and specifications, including necessary general supervision of Resident Project Representative Services authorized by the Client.
- The Consultant and Client agree that the Construction Engineering Services provided by the Consultant may actually be required to continue and exceed beyond the construction time element stated in the Client's agreement with the construction Contractor. When the extent of these construction services beyond the control of the Consultant occurs, the Client agrees that Consultant will be reimbursed for additional Construction Engineering Services in excess of the specified construction time period at a mutually acceptable fee negotiated at the time all the pertinent circumstances are known.
- Nothing herein shall be construed as imposing upon the Consultant's responsibility for the construction means, methods, techniques, sequences, safety programs, and procedures used by contractors.
- The Consultant agrees that Resident Project Representative services furnished under this Contract shall be to observe the work and to determine compliance with the plans and

- specifications, including representing the Client in coordination of construction activities among contractors and between contractors and utilities, and to accommodate the reasonable requirements of the Client on and around areas of construction.
- o When the Consultant is on the site, documentation will be maintained regarding construction progress and delays, quantities and percentages of work, tests performed, observations made and work accepted, problems encountered and instructions given to contractors, field changes and adjustments approved, and other records required or otherwise necessary to maintain a record of the work.

The Consultant agrees to provide Construction Administration Services that include the following:

- 2.5.1. Check and monitor construction activities and certify that all project work completed under observation of the Resident Project Representative is in substantial compliance with the plans, specifications and contract documents including any modifications by Change Order or otherwise, that all required tests were performed, and that such work is recommended for acceptance.
- 2.5.2. Provide interpretation of plans and specifications as requested.
- 2.5.3. Supervise and coordinate Subconsultant contracts for field observation and testing.
- 2.5.4. Review shop drawings and certificates submitted by contractors for compliance with design concepts, as required by the applicable sections of the technical specifications.
- 2.5.5. Review all periodic and final pay requests and explanation of variation between Contract and final quantities prepared by Resident Project Representative. Coordinate Contractor approval and signature and submit to Client for approval.
- 2.5.6. Review weekly Construction Progress and Inspection Reports (FAA Form 5370-1) as prepared by Resident Project Representative and submit to Owner and applicable Agencies.
- 2.5.7. Prepare, review and process Field Orders, Change Orders to include a cost estimate, cost/price analysis, record of negotiations, review and evaluation of "Contractor's Request for Extension of Contract Time" and make recommendations regarding approval to the Client. Notify the Contractor that no work can start until approved by the Client.
- 2.5.8. Coordinate and meet with the Client for consultation and advice during construction to include conducting construction progress meetings. Coordinate with Owner's Representative including:
 - Review and evaluate "Contractor's Request for Extension of Contract Time" and submit recommendations to the Client.
 - o Meet with the Client for consultation and advice during construction.
- 2.5.9. Coordinate on-site inspections of construction as requested. Make recommendations for acceptance or modification of work
- 2.5.10. Monitor that all testing required by the specifications is performed. Review and approve all materials reports prepared by the Resident Project Representative and/or Subconsultants.
- 2.5.11. Maintain record drawings from redline or working drawings prepared by Resident

- Project Representative as accumulated during the course of construction to show "Record Drawing" conditions.
- 2.5.12. Retain and review payroll reports of each contractor and subcontractor and monitor Contractor's compliance with paying employees as per established State Prevailing Wages and/or Federal Davis Bacon requirements.
- 2.5.13. Monitor Contractor's compliance with Disadvantaged Business Enterprise (DBE) program (i.e. determine that the firms on the job are as stated in the plan. Determine that the volume of work and equipment used complies with the plan.) Report deviations to the Sponsor.

2.6. Resident Project Representative (RPR)

The Client as part of this agreement authorizes Resident Engineering Services and the Consultant agrees to provide a Resident Project Representative, materials acceptance testing, and staking services in the execution of the Construction Engineering Services for the project work. The Client and Consultant agree that the Consultant may employ the Resident Project Representative on other work during periods of temporary job shutdown when such services are not required by this project. Normally, the Resident Project Representative will give intermittent part-time service on this project when construction is in progress to include temporary interruptions due to weather or mechanical failure.

For this Project Part-Time Resident Project Representative services will be provided. It is anticipated the Project will be completed within **Fifty (50) Working Days**. This will include four (4) field visits by the Project Manager.

Resident Project Representative Services shall be completed in accordance with the attached Exhibit I-1, and shall include, but are not limited to, the following:

- 2.6.1. Coordinate with the Testing Subconsultant to perform acceptance tests required to be provided by the Client in the construction Contract Documents.
- 2.6.2. Coordinate with Contractor regarding schedule, work progress, quality of work, and notify contractor of equipment and methods which do not comply with the Contract requirements. The Resident Project Representative shall notify the Client in the vent that the Contractor elects to continue the use of questioned equipment and methods. Conduct wage rate interviews and provide to Project Engineer.
- 2.6.3. Maintain daily records of the Contractor's progress and activities during the course of construction, to include progress of all work. These records document work in progress, quality and quantity of materials delivered, test locations and results, instructions provided the Contractor, weather, equipment use, labor requirements, safety problems, and changes required.
- 2.6.4. Evaluate and discuss potential Field Orders and Change Orders with the Contractor as necessary.
- 2.6.5. Evaluate possible material substitutions as requested by the Contractor.
- 2.6.6. Prepare, process and distribute to Project Engineer weekly Construction Progress and Inspection Reports (FAA Form 5370-1).
- 2.6.7. Measure and compute as-built quantities of all materials incorporated in the work and

- items of work completed, and maintain an item record account.
- 2.6.8. Prepare periodic Pay Requests for review by the Project Engineer and Contractor.
- 2.6.9. Monitor the contractor's compliance with airport operations to include coordination with airport manager, hangar owners and airport users and with the Construction Safety Phasing Plan (CSPP).
- 2.6.10. Attend and participate in construction progress meetings.
- 2.6.11. Coordinate the necessary construction staking/layout schedule as needed by the Contractor.
- 2.6.12. Perform other services as reasonably required by the Client and as outlined in the Contract Documents.

2.7 Final Inspection and Documentation

2.6.13. Final Inspection

The Consultant will schedule and conduct a final inspection with the Sponsor, Contractor, State and FAA representatives to determine whether the project has reached substantial completion and the work is in accordance with the plans and specifications. The Consultant will document items found to be deficient.

2.6.14. Final Punch List

The Consultant will prepare a punch list correspondence including the deficient items and will forward this correspondence to the Contractor requiring correction of the items and request a schedule for completion. The Consultant will send a copy to the Sponsor and include a copy in the Grant Closeout Report.

2.6.15. Final Construction Certifications

2.6.16. Once all punch list items have been completed to the satisfaction of the Sponsor, State and FAA, the Consultant will prepare a Certification of Construction Acceptance for the project. This certification will also be included in the Grant Closeout Report. Assemble documentation for the project closeout report once the project is complete. This will include gathering all construction documentation, supplemental agreements (if applicable), weekly reports, pay requests, testing result summaries, final certification documentation, and change orders in preparation for closeout.

2.8 As-Built Plans

2.6.17. The project team will collaboratively assemble a set of as-built plans for the project. The as-built plans will include field constructed conditions included as part of this Project, including any field surveying required to compute final quantities and the drawings will become record information. The Consultant shall provide Owner with two (2) sets of reproducible "Record Drawings" in both digital and hardcopy format.

2.9 Update Airport Layout Plan

CONSULTANT shall update the Airport Layout Plan (ALP) to depict as-built conditions as a result of the project. The CLIENT will then submit a PDF copy to FAA for review and comment. CONSULTANT will address the comments received from the FAA one time and print four (4) hard copies of the ALP will be produced for CLIENT and FAA signature.

I.B. ADDITIONAL SERVICES

Consulting services performed other than those authorized under Section I.A. shall not be considered part of the Basic Services and may be authorized by the Sponsor as Additional Services. Additional Services consist of those services, which are not generally considered to be Basic Services; or exceed the requirements of the Basic Services; or are not definable prior to the commencement of the project; or vary depending on the technique, procedures or schedule of the project contractor. Additional services may consist of the following:

- 1. Additions to the project outside of this scope.
- 2. Any construction surveying required for the Project.
- 3. Additional geotechnical investigation required for the Project.
- 4. Hosting a pre-bid meeting.
- 5. Additional Field Investigation required beyond those specified.
- 6. Completion of additional special studies not identified in Section I.A.
- 7. Periodic completion of grant reimbursement requests (i.e. Credit Applications).
- 8. Attendance of additional meetings beyond those identified in the above scope.

2019 SCHEDULE OF FEES

The following fee schedule is based upon competent, responsible professional services and is the minimum, below which adequate professional standards cannot be maintained. It is, therefore, to the advantage of both the professional and the client that fees be commensurate with the service rendered. Charges are based on hours spent at hourly rates in effect for the individuals performing the work. The hourly rates for principals and members of the staff vary according to skill and experience. The current specific billing rate for any individual can be provided upon request.

The fee schedule shall apply for the period through December 31, 2019. These rates may be adjusted annually thereafter to account for changed labor costs, inflation, or changed overhead conditions.

These rates include labor, general business, and other normal and customary expenses associated with operating a professional business. Unless otherwise agreed, the above rates include vehicle and personal expenses, mileage, telephone, survey stakes, and routine expendable supplies; no separate charges will be made for these activities and materials.
